

Target Audience

This program is intended for Cardiologists, Cardiac Surgeons, Nurses and all other interested health care professionals.

Learning Objectives

As a result of attending this symposium, participants should be able to:

- Gain a complete perspective of the natural history of hypertrophic cardiomyopathy (HCM) and identify proper screening procedures.
- Discuss the current role of genetic testing in HCM.
- Describe the role of obstruction and select appropriate treatment options.
- Apply the recommendations of the ACC/ESC Consensus document for the Treatment and Management of HCM.

Course Directors

Stephen L. Winters, MD, Chair
Lisa Salberg, CEO & Founder, HCMA
Susan Moshier, CME Coordinator,
Atlantic Health

Accreditation: This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Medical Society of New Jersey (MSNJ) through joint sponsorship of Atlantic Health and the Hypertrophic Cardiomyopathy Association. Atlantic Health designates this educational activity for a maximum of **6.5 AMA PRA Category 1 Credits™**. Atlantic Health is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.

Nursing contact hours have been applied for.

Disclosure Policy: It is the policy of Atlantic Health System to ensure balance, independence, objectivity and scientific rigor in all sponsored educational programs. All faculty participating are expected to disclose to the program audiences any associated or apparent conflict(s) of interest related to the content of their presentation(s). Also disclosed will be any expected discussions of non-FDA-approved products or devices.

ADA Compliance: In compliance with the Americans with Disabilities Act of 1990, we will make all reasonable efforts to accommodate persons with disabilities. Please call with your requests.
