

Introducing Afrin[®] No Drip Nasal Spray

Powerful Nasal Congestion Relief

15 mL – \$5.75

When you're stuffed-up and can't breathe, all you want is to feel better fast so you can be comfortable again. Pills or tablets can provide relief but take time to work. There's a better solution...

Introducing Afrin No Drip Nasal Spray. Unlike cold pills or tablets, it targets your congestion and stays in place to provide immediate, powerful relief. New Afrin No Drip works at the site of your congestion, where you need it most. You'll get immediate long-lasting, comfortable relief that lasts up to 12 hours. You can't get that type of powerful relief from any cold pill! The unique, advanced formula is designed to stay in your nose and target your nasal congestion. And unlike other nasal sprays, new Afrin No Drip will not drip down your throat or nose so you'll experience more comfortable relief with no messy dripping.

For breakthrough, non-dripping targeted congestion relief—
